### 3.1 Production of flutriafol technical (2008-2012)

Thanks to the robust demand from the overseas market, especially in Australia, the production of flutriafol technical made a great rebound in 2011: the production capacity and output of flutriafol technical reach █ t/a and █ tonnes, up █% and █% year on year respectively. From 2008 to 2010, domestic flutriafol market had experienced the downturn with operating rate █%, █% and █% respectively, indicating that flutriafol overcapacity is much more serious than that of other fungicides.
