

5. Import & export of nucleic acid in 2000

Table 5-0 Import & export of nucleic acids and their salts in the past years

Year	Import of nucleic acid and its salt (MT)	Import Value of nucleic acid and its salt (1000USD)	Price(USD/MT)	Export of nucleic acid and its salt (MT)	Export Value of nucleic acid and its salt (1000USD)	Price (USD/MT)
1997	7.303	797.80	109,242.777	579.451	3,579.10	6,176.71
1998	299.574	1,707.30	5,699.093	540.609	3,016.40	5,579.63
1999	221.847	3,813.10	17,187.972	1,007.521	5,277.70	5,238.30
2000						

Most derivative products of nucleic acid mainly depend on import.

Some of domestic nucleic acids are exported to foreign countries, such as Brazil, Japan, Germany, etc. After processing, these nucleic acids turn into derivative products and processing products. Then they are exported to China.
